

This compilation of successes chalked up by Frers designs is the result of much research gleaned from reference books, magazines and club records. However, the records from many events have been lost in the mists of time, so it has been impossible to provide a complete listing. The author apologises where results are not complete and urges owners to contact South Atlantic Publishing (southatlantic@mistral.co.uk) with any additions so that these records can be kept up to date.
